DEPOT-SYSTEM

## For Color Professionals – The unique Depot System by GOLDWELL.

1

### 1. Dispensing the lotion:

Place the valve of the measuring device directly on top of the depot pump and press down gently. The lotion can be precisely measured with the scale shown on the side of the measuring cylinder.

2

### 2. Dispensing the color:

Place the valve of the measuring device on the depot canister and gently press to dispense the color – quick, simple and accurate.

3

### 3. Mixing the color:

After both lotion and color have been dispensed, blend the color and lotion into a smooth, creamy consistency with a Topchic color brush.

### Features & Advantages:

- Quick dispensing and accurate measuring
- Clean, easy to work with and economical
- The Canister System prevents color from oxidizing in its packaging
- Easy to recycle with environmentally friendly propellant

**GOLDWELL**

CLÖNER TO STYLISTEN. CLÖNER TO HAIR.

## DEPOT-SYSTEM

### Colormat – the ultimate method of professional hair color application.

#### 1. Dispensing the lotion:

Ensure the pressure regulator is in the upright and unlocked position. Press down and lock the mixing handle. Place the valve of the Colormat on top of the depot pump and press down gently. The lotion can be precisely measured with the scale shown on the side of the Colormat.

#### 2. Dispensing the color:

Place the valve of the Colormat directly on top of the depot canister and press gently to dispense the color.

#### 3. Mixing the color:

With a pumping motion, press down and release the mixing handle until the mixture reaches a creamy consistency.

#### 4. Application:

Attach the color brush or the color liner. Gently apply pressure to the dosage mechanism, evenly releasing the color mixture. Throughout the application, ensure that the sectioning hook and the graduated end of the brush are pointing upwards.

**The Colormat can be cleaned quickly and easily.** Simply fill with water (approximately 30 mL) from the cleansing bottle, pump several times and expell until the valve and the interior are free from all color residue. Repeat as necessary.

#### Features & Advantages:

- Unique all-in-one dispensing, measuring, mixing and application tool
- Quick, precise, clean, simple and time saving
- Enhances your professionalism
