## Pk@all

### New Color Options For Maximum Creativity.

**Pk@all pure** – for bright to deep rich pinks – can be used on all base levels.

**Pk@all as a mixer** – to achieve a variety of creative shades such as:

Level	Pink PK@all	Elumen Shade	Result
	 1 part 10 ml	 9 parts Clear 90 ml	 for soft pastel tones
9	 1 part 10 ml	 5 parts GB@9 50 ml	 for subtle rose shades
7	 1 part 20 ml	 3 parts KB@7 60 ml	 for sandalwood tones
5	 2 parts 40 ml	 1 part NB@5 20 ml	 for intense aubergine shades

**Important:** Use sparingly, as only a few drops of Pk@all will give a strong result when mixed with light colors. Shades can very quickly acquire a pink tone.

**Application:**

- Pk@all is applied in the same way as all other Elumen colors.
- When coloring damaged, highlifted or bleached hair, we recommend pre-treating the hair with Elumen Prepare.
