DUALSENSES

DUALSENSES

INSTANT
MICROFLUID
TECHNOLOGY

EFFECTIVE TECHNOLOGY – SPECIFICALLY FORMULATED.

NEW: Instant Microfluid Technology. Provides results you can **see** and **feel instantly**. Combined with specific System-Technology for different hair types.

Hair is covered by an ultra-fine fluid, which guarantees the quick and even distribution of specific System-Technology.

Specific System-Technology works in combination with Instant Microfluid Technology for instantly visible and noticeable results.

Volume System with Multi-Minerals

Booster with Multi-Minerals, strengthening polymers and ultra-light gel-texture.

Curl System with Bamboo Extract

Bundled curls and bounce from Bamboo Extract, Elasticity-Polymers and moisture boosters.

Repair System with Pashmina Silk Proteins

Straightens hair, calms hair structure and boosts moisture with Pashmina Silk Proteins and a special Cuticle-Balancer.

Regulation System Sensitive

Helps soothe the scalp with a specially developed surfactant combination and Lime-tree Blossom Extract. Free of color and fragrance.

Brilliance System with Pomegranate Extract

Intensifies color brilliance with anti-oxidative Pomegranate Extract and UV-Filters. Balanced, glossy care without weighing down the hair.

Regulation System Anti-Dandruff

Relief from flakes with Zinc Pyrithione and improved moisture with Hydro Lime Extract.

Brilliance System with Pomegranate Extract and extra-care

Intensifies color brilliance with anti-oxidative Pomegranate Extract and UV-Filters. Extra smooth and rich glossy care.

Regulation System Deep Cleansing

Intensive deep cleansing and moisture balance with complexing agent, Hydro Lime Extract and zinc complex.
