06. Accidental release measures

Personal precautions: Ensure adequate ventilation. Keep away from all sources of ignition.
 Environmental precautions: not applicable
 Methods for cleaning up: Dispose of absorbed material in accordance within the regulations. Take up mechanically.

07. Handling and storage

Advice on safe handling: Use only in well-ventilated areas.
 Advice on protection against fire and explosion: Keep away from all sources of ignition - Refrain from smoking.
 Requirements for storage rooms and vessels: Provide solvent-resistant and impermeable floor.
 Advice on storage compatibility: Do not store together with oxidizing agents.
 Further information on storage conditions: Keep container in a well-ventilated place. Protect from heat/overheating. Keep in a cool place, heat causes increase in pressure and risk of bursting.

08. Exposure controls / personal protection

Additional advice on system design:
 Ensure adequate ventilation on workstation.
